Gearing up to celebrate its 10th anniversary, the Energy Storage Summit will return to London on 17-19 February 2025, with the Intercontinental London - The O2 as its new home. workshops, an Energy Storage Academy, an after-party, private networking dinners and much more! 100+ Exhibition Stands 170+ World-Class Speakers Worldwide Audience

What is the energy storage global conference?

The Energy Storage Global Conference offers the opportunity to industry, researchers, and policymakers to exchange views and debate key issues faced by the energy storage sector. The 3-day conference will also explore the extent to which energy storage can help avoid dependency on fossil fuels in order to balance the electricity system.

Who are the delegates at the energy storage Conference?

Join us in February for the networking event of the year, bringing together over 2000 delegates from across Europe's energy storage value chain, spanning investors, developers, IPPs, banks, government and policy-makers, TSOs and DSOs, EPCs, optimisers, manufacturers, data and analytics providers, consultancies, system integrators and more.

When is EASE 2022?

The conference's fifth edition will be held on 11 - 13 October 2022 and is organised by EASE - The European Association for Storage of Energy, with the support of the European Commission's Joint Research Centre, as a 100% hybrid event at Hotel Le Plaza in Brussels, as well as online.

What is the Energy Storage Summit?

Our Summit aims to highlight the fundamental role that energy storage will play in this journey, and will strive to recognise, explore and analyse key challenges that may present themselves on the trajectory ahead.

Experience the solar industry's best practices for the design, installation, and maintenance of code-compliant PV, storage systems, and EV charging infrastructure. Tour the expo floor to review the best-in-class companies and the top solutions, services, and products for the year ...
