The World Energy Storage Conference 2023 is an important platform to promote cooperation in the energy storage industry. A total of 63 new energy projects, especially energy storage projects were signed, with a total planned investment of 119.12 billion yuan (about 16.34 billion U.S. dollars). Signing Ceremony, World Energy Storage Conference 2023

The tradeshow will feature equipment, technologies, products, and educational opportunities for the solar, energy storage, EV charging, clean energy, energy-saving, and smart tech industries. It is the only event in the Western Hemisphere that serves both the United States and Latin American/Caribbean markets, which include over 45 countries.

For 100 years, the World Energy Congress has leveraged the collective power of the world energy community to turn inspiration into action. This prestigious and globally recognised flagship event welcomes leaders from all corners of the world as they come together to shape the future of energy. The 26th edition of the Congress welcomes you to Rotterdam from 22-25 April 2024.
