

# Genshin energy storage equipment warehouse

How do I open the energy storage warehouse in Genshin Impact?

To open the Energy Storage Warehouse in Genshin Impact, the main Core Gear Drive should point northwest. Remove the small Gear Drivetrain when it points inward, then run the main Core Gear Drive until it faces northwest. Once the Energy Storage Warehouse door is open, remove the Gear Drivetrain and move inside to install it.

How do you find the last energy storage device?

Place the energy storage device near it and break the second seal, which will open more paths. Once that is done, go back to your original spot to pick up the last device. After collecting the third energy storage device, go straight and turn left at the end. You will find the last research terminal near a broken mine car.
