

Luxembourg has not enough place and consumers to have several energy providers, which is why there seems to be a monopoly, but it is regulated by the Gouvernement. But did you even realize what happened in the world the last 3 months? Our biggest gas supplier went into war, that's why gas has become more expensive, no matter what provider.

January 17, 2022. ESRG also offers extensive testing services for battery cells and systems, including UL 9540A. Image: ESRG. With over 25 years' experience as a firefighter and now part of a group that specialises in battery storage safety, Paul Rogers at Energy Safety Response Group knows all about fire safety from both sides of the fence.
