We are a forward-thinking solar energy company based in Iraq, Erbil. dedicated to transforming the way people power their lives and businesses. More about. Erbil-Ainkawa Iraq. Phone: +964 750 839 0043 +964 774 524 3322. Email: zina@voyageenergy . Links. Home; Our service; Vision and Mission;

The ministry has already signed contracts for about 2.5 GW of new solar plants, the minister said. According to him, the Arab country needs to pursue a model to produce the highest rate of energy at the lowest cost in order to have a modern economy. Renewable energy projects, and solar in particular, are the key to reaching energy security.

GSL Energy recently stated that the 384V high voltage solar LiFePO4 lithium battery storage system has been successfully put into use in Iraq for United Nations project. This project is located at the teaching building of University of Sulaimani, which aims to alleviating electricity shortages at university.

In addition to encouraging private households to adopt solar energy, Iraq has selected 546 government buildings to be equipped with solar systems, Fadhil noted. The minister praised the efforts of the National Initiative to Support Energy and Reduce Emissions, which has worked for years to strengthen clean energy

policies across the country.

Our intelligence services provide energy companies with the insights required to navigate market changes and maintain a competitive advantage. Our dedication to Iraq's energy sector is rooted in a commitment to sustainability, resource optimization, and supporting Iraq's energy transition. For energy providers, utilities, or industry ...

By Reuters (Reuters) - Iraq plans to offer 10 gas exploration blocks to U.S. companies during an upcoming visit by Oil Minister Hayan Abdel-Ghani to the United States, he announced on Saturday. The move is part of Baghdad's efforts to attract U.S. investment into its energy sector, following previous licensing rounds where Chinese...

Iraq has the potential to "harness immense natural gas resources, invest in new energy infrastructure and renewables, and achieve energy self-sufficiency by 2030" said a statement jointly issued by the U.S. and Iraq during a visit to Washington by Sudani this week.

Despite massive hydrocarbon reserves, Iraq struggles with chronic electricity shortages. There is a clear need to explore cleaner alternatives, such as renewable energy systems, yet the deployment and integration of these systems would be hindered by the same structural woes that have crippled the electricity sector, and which go far beyond generation ...

Empowering Iraq through Innovative Energy Solutions. We are established with a clear mission to revolutionize the energy landscape in Iraq, we are poised to solve critical energy problems facing the nation. About Us Get Started. ... Energy Storage. Scalable, efficient, and dependable energy storage plays a pivotal role in driving the global ...

In a strategic move toward harnessing the untapped potential of Iraq's solar landscape, major global photovoltaic (PV) players are taking the lead in shaping the nation's ...

The decision to include foreign companies in Iraq's energy production marks a significant departure from the previous approach, where such involvement faced considerable resistance. The move comes as the government seeks to diversify its sources of revenue and enhance its global energy presence.

It's involvement in lithium production is where the company has made significant strides in the energy storage space due to their integral role in energy storage systems. Thanks to its expertise in lithium extraction and processing, it is able to innovate and develop new lithium-based technologies which advance energy storage capabilities. 6.

Baghdad, Iraq; June 28, 2021: GE has announced a comprehensive "Energy Transition Plan" for Iraq, presenting its transformative strategies to support the country's evolution to a cleaner energy future. The plan includes several key pillars that support the government's goals to enhance Iraq's power infrastructure, as well as promote ...
