Find out the conference schedule and plan your participation. Exhibition: February 12-14 2025 at Helipad Exhibition Centre in Gandhinagar (Gujarat).

The conference's technical program showcases the latest updates on technical improvements and electrochemical research on topical areas from energy storage to automotive lead batteries. Now in its 38th year, ELBC in Milan, Italy, is expected to attract over 1000 attendees interested in lead battery innovation.

During the event, set to take place in Milan on 21st November, industry experts will discuss developments, challenges and solutions associated to the deployment of Battery Energy ...

During 2024 and 2025, falling equipment prices and supportive policies will accelerate the development of U.S. energy storage market. However, C& I energy storage sees limited growth and requires more time to yield progress, given its premature market mechanism and suppliers failing to introduce effective profit models to manufacturers.
