

What is happening in Liberia's energy sector?

The update highlights key advancements in Liberia's energy sector, including notable progress in power generation and the expansion of energy access. However, despite these gains, the country faces significant power shortages, calling for substantial investments to achieve reliable, affordable, and sustainable energy access for all Liberians.

Why is reliable energy important in Liberia?

The report offers a comprehensive analysis of recent economic developments in Liberia, underscoring the crucial role of reliable energy in fostering sustainable growth. The update highlights key advancements in Liberia's energy sector, including notable progress in power generation and the expansion of energy access.

How can Liberia improve energy security?

One strategy is to diversify the energy mix by increasing the share of domestic renewable energy sources, such as solar and wind power, for electricity generation. By harnessing these indigenous and sustainable energy resources, Liberia can decrease its reliance on imported fuels and enhance its energy security.

COSSA Member Directory COSSA represents professional companies and organizations across all sectors of the solar and energy storage industry. We highly recommend partnering with one of our established members who support industry initiatives. Join Today

MONROVIA, August 22, 2024 - Liberia has launched a direct negotiation licensing round for 29 offshore blocks, government authorities and partner TGS announced on Thursday. Geophysical giant TGS is providing an extensive portfolio of multi-client subsurface data for the available blocks, including more than 24,000 kilometers of 2D-seismic data and more than 26,000 ...

Storage solutions to facilitate regional trade. The facility incorporates state-of-the-art warehouse and inventory management systems, loading and unloading capacity, the ISDF is the first of its kind to meet the needs of Small and Medium Enterprises (SMEs) and larger companies within Liberia and within the Mano River Union.
