What is energy storage & why is it important?

Energy storage is the facilitator of renewable growth worldwide, playing a crucial role in the UK reaching its net zero target by 2050. Gore Street Capital Limited is an entity authorised and regulated by the Financial Conduct Authority, to act as the Alternative Investment Fund Manager ("AIFM") to the Gore Street Energy Storage Fund PLC.

Does Gore Street invest in energy storage opportunities?

Asset identification Gore Street has assessed hundreds of opportunities since IPO and maintains a discipline of only investing in energy storage opportunities that meet our investment policy and criteria.

Who is the largest energy storage operator in Northern Ireland?

We became the largest operator of energy storage in Northern Ireland, adding 100 MW to the Irish grid and acquired an additional 81 MW of operational assets in Great Britain, making us amongst the largest energy storage portfolios in Britain and the largest in Ireland.

Do energy storage systems take advantage of price volatility?

Energy storage systems remain well-suited to take advantage of price volatility and the Company opportunistically participates in both Balancing Mechanism actions ('instructions' by the National Grid to registered systems, to balance the network in real-time) and in energy trades between consumers and generators. Irish Revenue Outlook
