

# Sunshine energy storage invoice

Team At Sunshine Solar was extremely helpful at every stage of the project. I was nervous while making a decision to spend my savings on Solar but the executive explained about how Solar works in detail. I had an issue with a burnt wire and they replaced it with a brand new wire within two business day. The gesture was incredible.

long-duration energy storage and peaker; green e-biofuel production; long-term supply contracts for 24/7 carbon-free energy (24/7 CFE) and green fuels, and; merchant trading. All are underpinned by Sunshine Hydro's unique AESOP software, which uses AI to ensure there's no waste and all contract commitments are covered at all times.
