

Tax exemptions for energy storage power stations

Are energy storage projects exempt from prevailing wage and apprenticeship requirements?

Two exemptions from the prevailing wage and apprenticeship requirements exist: Smaller-scale energy storage projects (under 1MW of storage capacity) qualify for the 30% bonus rate regardless of compliance with the prevailing wage and apprenticeship requirements.

What is a one megawatt exemption?

Under the one megawatt exception for the credits available under sections 45, 45Y, 48, and 48E, a facility that has a maximum net output of less than one megawatt of electrical energy (as measured in alternating current) may be eligible for the increased credit amount without satisfying the prevailing wage and apprenticeship requirements.

Should renewable generation facilities be taxed?

Sales tax implications must be considered as more renewable generation facilities are built and maintained. "All electrical generation facilities should review the taxability of purchases for the buildout of the buildings, access roads, step-up transformers and other switchyard equipment to connect the facility to transmission lines," they wrote.

What is a one-megawatt exemption?

The one-megawatt exception may also apply to qualified projects under section 48 with a maximum net output of less than one megawatt of thermal energy; and to energy storage technology under section 48E with a capacity of less than one-megawatt. Credit is increased by 10% if the project meets certain domestic content requirements.

Are energy storage installations eligible for ITC?

Energy storage installations that are placed in service after Dec. 31, 2022, and begin construction prior to Jan. 1, 2025, are entitled to the existing ITC under Section 48 (a).

Are energy storage projects eligible for a refundable ITC?

Energy storage projects owned by taxable entities are not eligible for a refundable ITC, but instead can take advantage of the new transferability rules. The IRA added a provision to permit project owners (other than tax-exempt entities) to make an election to transfer the ITC to an unrelated third party.
