It is perfect for placing inside the doorway. **VERSATILE ENTRYWAY SHOE BENCH WITH STORAGE SHELF:** A perfect Shoe storage for front door area, doorway, foyer, entryway, mudroom, walkway. Not only function well as a shoe bench but also as a storage shelf for appliances under the breakfast bar area of the kitchen counter.

How do shoe storage benches work?

Some shoe storage benches feature open shelving, while others offer more subtle storage options, such as drawers or cabinet doors. These design features can simultaneously conceal shoes and provide space to stow other everyday items like hats, purses, reusable grocery bags, and even books.

Can a shoe storage bench be used indoors?

Many shoe storage benches are better suited for indoor environments because of their material (typically wood, engineered wood, or fabric, for example), but you can indeed find general storage bench options made of plastic, resin, or metal that can stand up to the elements and double as a functional home for your footwear.

How do I choose a shoe storage bench?

Consider other pieces in or near your entryway when measuring as it's best to buy a shoe storage bench that's proportional with other furniture in your sightline at the front door. You may have enough square footage for a large shoe storage bench, for instance, but it might appear like it's jutting too far out from the wall.

What is a shoe storage bench made of?

The gorgeous frame is crafted from solid acacia, with wood knots and natural grain details. The bench includes a slatted lower shelf that can accommodate three pairs of shoes. This shoe storage bench works well in larger entryways and features an angled rack with a crossbar to prevent shoes from sliding off.
