

Three-phase energy storage wall mounted unit

The Sunsynk 12kW 3-Phase Hybrid Inverter 12K-SG04LP3 is a highly reliable and efficient power management tool for three-phase grid applications. The hybrid inverter allows the simple integration and management of power from solar panels, the main electrical grid and generators. Power can be stored and distributed to your applications as required.

Single-Phase Energy Storage Solutions. 6kW/150.4kWh. Inverter: HESS-HY-S-6.0K ... The hidden wall-mount bracket is compatible with both floor-standing and wall-mounted installation methods. ... With an IP65 protection rating, the unit effectively resists water and dust, adapting to various environmental conditions and enhancing durability for ...
