Zhongli is played as burst support with Homa & high crits. Good to complete the rotation when waiting Yoimiya's E imo. ER = 144% (which is way higher than KQM recommendations so didn't pay much attention) I've noticed that Zhongli energy generation is pretty slow and tied to his pillar, and got into a problem :

Zhongli's pillar is a Geo Construct, allowing Chiori to create 2 Tamoto dolls at C0. Chiori and Zhongli form a strong Double Geo core that can be used with a variety of DPS units. Navia: Zhongli's strong shield and Universal RES Shred are great for Navia's teams.

Zhongli group announced that it signed the strategic cooperation framework agreement with SDIC Jiangsu new energy to carry out the cooperative development of new energy projects in Jiangsu Province, giving priority to Suqian City and Xuzhou City as key development areas, and taking the lead in promoting the "6 + 1" implementation plan of the ...

Warning: this post is made by a C6 Zhongli main in the mission to triple crown our archon, who is extremely bias for Zhongli. I don't want to give any false impression of how strong Zhongli's energy recharge has become, but good lord Zhongli has more than doubled his own energy recharge and had brought additional bonus ER to the whole team!
